

Pioneering The Future Of SIP Through Innovation

FULL SERVICE VOIP CONCIERGE

New and existing service providers alike can benefit from our CaaS platform. We provide our WHITE LABEL partners with the ability to offer hosted and SIP trunk services under your brand name; the ability to build your own products and price them based on your requirements; and the ability to bill your customers directly, allowing you to control your customer experience.

**GenTel delivers a
one stop shop
approach
for cost effective,
scalable WHITE LABEL
solutions**
